INTRODUCTORY SECTION

March 11, 2022

To the Honorable Chairman and Council Members
Children's Services Council of Palm Beach County
2300 High Ridge Road
Boynton Beach, Florida

Dear Council Members:

We respectfully submit the Annual Comprehensive Financial Report ("Annual Report") of the Children's Services Council of Palm Beach County (the "Council") as of and for the year ended September 30, 2021. Florida Statutes require that we prepare our financial statements in conformance with United States Generally Accepted Accounting Principles ("GAAP") and that an external audit be performed by an independent certified public accounting firm in accordance with generally accepted auditing standards and government auditing standards.

The financial statements included in this report conform to the generally accepted accounting principles in the United States ("GAAP") as prescribed by the Governmental Accounting Standards Board ("GASB"). The Council is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures.

The financial statements have been audited by Marcum LLP. The independent auditors have issued unmodified opinions that this report fairly presents the financial position of the Council and complies with all reporting standards noted above.

The contents of this report are aimed at compliance with GASB pronouncements requiring the preparation of government-wide financial statements on a full accrual basis of accounting and for all funds on a modified accrual basis of accounting and including Management's Discussion and Analysis. Also included are additional and enhanced Statistical Tables required by GASB Statement No. 44.

Profile of the Council

Children's Services Council of Palm Beach County is a special district created by Palm Beach County voters in 1986 and reauthorized by nearly 85% of the voters in 2014. The Council provides leadership, funding, services and research on behalf of the county's children so they grow up healthy, safe and strong. The Council was created under Chapter 125 of the Florida Statutes, which authorizes counties to pursue a voter referendum that provides authority to tax property to fund programs for children and families.

To make the biggest impact possible, we focus on prenatal care and early childhood development so more Palm Beach County children are born healthy, remain free from abuse and neglect, are ready for kindergarten and have access to quality afterschool and summer programming. To reach these goals, we fund local nonprofit and other agencies, which provide evidenced-based and other high-quality services to our county's children and their families.

The ten member Council is comprised of five (5) individuals appointed by the Governor to four year terms and five (5) members appointed by virtue of the office or position they hold within the community. The Council members are responsible for setting policies and prioritizing programs affecting children. The Council has authority to levy taxes up to 1 mill of the assessed property tax value.

The Council is not a component unit of any other governmental unit nor does it meet the criteria to include any governmental organization as a component unit.

Management's Assertion

Responsibility for the integrity, objectivity, accuracy and completeness and fairness of presentation of these financial statements rests with management. The financial statements were prepared in conformity with United States GAAP for governmental entities. The financial information is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and operating results for the Council, on a government-wide and fund level basis. This report includes all disclosures necessary to enable the reader to gain an understanding of the financial affairs of the Council.

In developing the Council's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding:

- The safeguarding of assets against loss from unauthorized use or disposition; and
- The reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgment by management.

Financial Information:

Internal Controls

All internal control evaluations occur within the above framework. We believe the Council's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Control

An annual appropriated budget is adopted for all governmental funds. In accordance with the Council's policy, the level of control at which expenditures may not legally exceed the budget is at the function level. Encumbrance accounting, under which purchase orders and other commitments for the expenditure of funds are recorded in the accounting records, is utilized throughout the fiscal year.

Fund Balances/Net Position

Fund balances classified as restricted are those with externally enforceable limitations on use. Fund balances classified as committed can only be used for specific purposes determined by formal action of the Council Members through resolution. Commitments can only be changed or lifted by the Council members through the same formal action. Assigned fund balances are amounts that the Council intends to use for a specific purpose but are neither restricted nor committed. The authority to establish assigned fund balance may be delegated to the Chief Executive Officer or the Finance Committee, by Council members through resolution. Unassigned fund balance can be viewed as the net resources available at the end of the year.

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows in the government-wide financial statements. Investment in capital assets consists of capital assets net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Long Term Financial Planning

Palm Beach County voters gave overwhelming support for the county's children in November, 2014 by reauthorizing the Children's Services Council. As a result of the reauthorization, the Council has been empowered to continue the work into the future for the children and the community. The Council relies on taxes levied based on property values in Palm Beach County. Property values are assessed as of January 1st each year. Budget forecasting will determine the future millage in order to provide the same level of service to children.

There has been improvement in the economy since the beginning of the COVID-19 pandemic which began in March of 2020. The unemployment rate in Palm Beach County at the beginning of the fiscal year was 7% and has declined to 4.1% at September 30, 2021. Employment sectors with the most job losses during the pandemic, namely, tourism/hospitality, restaurants, entertainment and retail sectors, have rebounded.

Property values in the county have continued to rise. Over the past five years, property values have produced increases between 5.7% and 8.4%. In March 2021, the research arm of the Florida Legislature, the Office of Economic and Demographic Research (EDR) projected property value increases in Palm Beach County for the next five years to range between 3.1% and 4% and in January 2022 projected the increases over the same period to be between 3.8% and 7.4%.

Independent Auditor

The Council's financial statements have been audited by Marcum LLP. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Children's Services Council for the fiscal year ended September 30, 2021, are free of material misstatement. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. The independent audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements, evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that the Council's financial statements for fiscal year ended September 30, 2021, are fairly presented in all material respects, in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

Section 11.45 Florida Statutes, requires the audit be performed under Government Auditing Standards, issued by the Comptroller General of the United States. Government Auditing Standards require the independent auditors to report not only on the fair presentation of the financial statements, but also on the Council's internal controls over financial reporting and compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. These reports are presented in the Reporting Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This letter is designed to complement the MD&A and should be read in conjunction with it. The Council's MD&A can be found immediately following the report of the independent auditors.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the Children's Services Council of Palm Beach County for its annual comprehensive financial report for the fiscal year ended September 30, 2020. This was the ninth consecutive year that the Council has received this prestigious award. In order to be awarded a Certificate of Achievement, the Council published an easily readable and efficiently organized Annual Report. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current Annual Report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements and we will be submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report could not have been possible without the efficient and dedicated services of the entire Finance Division. We would like to express our appreciation to all members of the division who assisted and contributed to its preparation. We also wish to thank the Finance Committee and Council Members for their dedicated service and support in planning the financial operations of the Council.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Finance Committee, Board Chair and Council Members
Children's Services Council of Palm Beach County

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Children's Services Council of Palm Beach County (the Council) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Council as of September 30, 2021, and the respective changes in financial position, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 12, and the Schedule of Changes in Total Other Postemployment Benefits (OPEB) Liability and Related Ratios on page 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Council's basic financial statements. The budget to actual schedules and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budget to actual schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budget to actual schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2022 on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Council's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(MD&A)

Management's Discussion and Analysis

Our discussion and analysis of the Children's Services Council of Palm Beach County's (the "Council" or "CSC") financial performance provides an overview of the Council's financial activities for the fiscal years ended September 30, 2021 and 2020. Please read it in conjunction with the transmittal letter on page i and the Council's financial statements, which begin on page 13.

Using this Annual Report

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 13 and 14) provide information about the activities of the Council as a whole and present a long-term view of the Council's finances. Fund financial statements begin on page 15. Fund financial statements report the Council's operations in more detail than the government-wide statements by providing information about the Council's most significant funds. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. The notes to the financial statements (on pages 21-50) provide additional information that is essential to a full understanding of data provided in the government-wide and fund financial statements, and are required by U.S. generally accepted accounting principles. This report also contains required supplementary information on page 51, other supplemental information on pages 52-57, statistical tables on pages 58-71, and internal control and compliance reports beginning on page 72.

Financial Highlights

- The Council's total assets and deferred outflows of financial resources exceeded liabilities and deferred inflows of financial resources by \$74.1 million (total net position).
- Total net position includes the following:
 - Investment in capital assets of \$15.3 million, net of accumulated depreciation, and
 - Unrestricted net position of \$58.8 million
- The Council's net position increased by \$10.6 million from last fiscal year for a total of \$74.1 million.
- Revenues increased in total by \$6.5 million, or 5.0% from the prior year, due to a 5.7% increase in the County's property tax base, an increase in grant revenues from the Healthy Start Coalition of Palm Beach County, Inc. (HSC), and, net of a decrease in investment earnings.
- The Council's expenses were \$126.4 million, the same as the prior year. The most significant expenses relate to contracts with providers for children's programs which, had an under-utilization rate greater than usual, due to the COVID-19 pandemic.

- The Council’s governmental funds had a total fund balance of \$60.3 million, an increase of \$11.3 million, or 23.1%, from the prior year. Of this \$60.3 million fund balance, \$0.6 million is classified as nonspendable at September 30, 2021; \$4.5 million is classified as assigned for subsequent year expenditures and \$55.2 million is available for spending at the Council’s discretion (unassigned fund balance). The increase is primarily due to additional tax revenues and grant income as well as under-utilization from provider contracts.

Overview of the Financial Statements

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Council’s finances. These statements include all assets and deferred outflows and liabilities and deferred inflows using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year’s revenues and expenses are taken into account, regardless of when cash is received or paid.

The *Statement of Net Position* presents information on all of the Council’s assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as *net position*.

The *Statement of Activities* presents information showing how the Council’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation and sick leave and other postemployment liabilities).

These two statements report the Council’s net position and changes in net position. You can think of the Council’s net position—the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources—as one way to measure the Council’s financial health, or financial position. Over time, increases or decreases in the Council’s net position are one indicator of whether its financial health is improving or deteriorating. Other non-financial factors, such as changes in the Council’s property tax base, will also, over time, help to assess the overall financial health of the Council.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Council, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds — All of the Council’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual basis of accounting, which measures cash and all other financial assets that can readily be

converted to cash. The governmental fund statements provide a detailed short-term view of the Council's general government operations and the basic services it provides.

Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Council's programs. The relationship (or difference) between governmental activities and governmental funds is described in a reconciliation at the end of the related fund financial statement.

While some funds are required to be established by state law, currently the Council uses the General Fund and the Special Revenue Fund, as defined by the Governmental Accounting Standards Board ("GASB"). There are classifications for fund balances to enhance the usefulness and make its categories more easily understood. Additionally, all governments are required to present consistent fund balance classification/information, which improves financial reporting. More information on the fund balance categories and the respective amounts can be found in the Notes to the Financial Statements on pages 27 and 28.

The General Fund is used to account for all financial resources except those required to be reported in another fund. The Special Revenue Fund is used to account for the activities of Prevention Partnerships for Children, Inc., a blended component unit.

The Council's not-for-profit "arm," Prevention Partnerships for Children, Inc. ("Prevention Partnerships"), was created in 2004 to allow certain entities to conduct business with a not-for-profit agency (such as foundations or government funders). The purposes for which Prevention Partnerships is organized are exclusively charitable, cultural, scientific and educational, within the meaning of Section 501(c)(3) of the Internal Revenue Code, principally to support system coordination in Palm Beach County by building capacity of individuals and organizations, and creating opportunities for system integration.

The Council adopts an annual appropriated budget for both of its governmental funds. Budgetary comparison schedules have been provided for the General Fund and for Prevention Partnerships and can be found on pages 19 and 20 of this report.

Notes to the Financial Statements

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Basic Financial Statements can be found on pages 21 to 50 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. The total other postemployment benefits plan schedule is presented on page 51.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Children's Services Council of Palm Beach County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$74,075,717 at the close of the most recent year. This is an increase in net position of \$10,635,084, or 16.8%, from the prior year. The increase is primarily attributed to the increases in ad valorem property tax revenues resulting from higher property values, an increase in grant income and under-utilization of provider contracts during the year.

Net position is comprised of two sections: investment in capital assets and unrestricted. Unrestricted net position totaled \$58,818,490 at September 30, 2021, an increase of \$11,219,228, or 23.6%. Investment in Capital Assets totaled \$15,257,227 at September 30, 2021, a decrease of \$584,144, or 3.7%, primarily related to depreciation expense for the period.

Summary of Net Position – Governmental Activities September 30, 2021 and 2020

	<u>2021</u>	<u>2020</u>
ASSETS		
Current and other assets	\$ 69,740,271	\$ 60,793,882

Total Net Position	<u>\$ 74,075,717</u>	<u>\$ 63,440,633</u>

Total Assets

Total assets increased in 2021 by \$8,362,245, or 10.9%, primarily due to the net effect of increases in cash and investments of \$8,768,060 and other receivables of \$257,437, and decreases in due from other governmental units of \$176,657 and net capital assets of \$584,144. The increase in cash and investments is primarily the result of an increase in ad valorem tax revenues and under-

utilization from provider contracts. The increase in other receivables and the decrease in due from other governmental units is related to the amount and timing of monies reimbursed to the Council from HSC for program expenditures and from governmental units, (Palm Beach County Property Appraiser and Tax Collector). Capital assets decreased primarily due to depreciation expense for the period.

Deferred Outflows

Deferred outflows of resources represent a consumption of net position that is applicable to a future period and will not be recognized as an outflow of resources (expense or an expenditure) until such time. Deferred outflows of resources were related to the Council’s other postemployment benefits (OPEB) plan and was \$50,487 at September 30, 2021 and \$53,781 at September 30, 2020.

Total Liabilities

Current liabilities decreased by \$2,358,047, or 20%, primarily due to the timing of the receipt of provider invoices. Noncurrent liabilities increased by \$107,835, or 8.7%, due to increases in compensated absences and OPEB. See Notes 8 and 9 for additional information regarding compensated absences and OPEB.

Deferred Inflows

Deferred inflows of resources represent an acquisition of net position that is applicable to a future period and will not be recognized as an inflow of resources (revenue) until such time. Deferred inflows of resources were related to the Council’s OPEB plan and was \$189,372 at September 30, 2021 and \$215,293 at September 30, 2020.

Net deferred outflows and inflows decreased \$22,627 related to OPEB amounts recognized in the current year.

Revenues and Expenses

Revenues for general governmental functions totaled \$137,069,254 in fiscal year 2021, an increase of 5.0% from 2020. Property taxes are the main source of revenue for the Council. Property taxes produced 96.30% of the revenues in fiscal year 2021 compared to 95.63% in 2020.

	<u>2021</u>	<u>2020</u>	<u>Percent of Total</u>	
			<u>2021</u>	<u>2020</u>
Revenue sources:				
Ad valorem property taxes	\$131,993,293	\$124,840,675	96.30%	95.63%
Operating grants and contributions	4,675,921	3,799,318	3.40%	2.91%
Investment income	240,379	1,655,314	0.18%	1.27%
Miscellaneous	<u>159,661</u>	<u>249,570</u>	<u>0.12%</u>	<u>0.19%</u>
Total	<u>\$137,069,254</u>	<u>\$130,544,877</u>	<u>100.00%</u>	<u>100.00%</u>

Assessed property valuation for Palm Beach County of \$210,847,123,009 for fiscal year 2021 represented a 5.7% increase over \$199,477,312,974 for fiscal year 2020. The Council’s millage rate remained constant for the fiscal year ended September 30, 2021 at .6497. Therefore the increase in ad valorem property taxes was due to the increase of gross taxable property values throughout the County. For fiscal years ended September 30, 2021 and September 30, 2020, the tax collection was

96.2% of the total tax levy for each year. The Council’s maximum tax rate is \$ 1.00 per \$ 1,000 of assessed tax value.

Property values are assessed as of January 1 of each year and payable between November 1 of the year assessed and March 31 of the following year with discounts of up to 4% for early payment. For fiscal year ended September 30, 2021, the COVID-19 pandemic did not impact the Council’s ad valorem tax revenues.

Operating grants and contributions include pass through grants from HSC and from direct grants to the Council from the Florida Department of Children and Families (DCF). HSC grants are awarded for Healthy Start statutory services through contracts with the Healthy Start MomCare Network (Network) and the State of Florida, Department of Health (DOH). The grant from DCF is for legal foster care services pursuant to Title IV-E of the Social Security Act. Total operating grants and contributions increased by \$876,603, or 23.1%, primarily due to an increase in services rendered under the Network grant, totalling \$796,965, due to an increase in care coordination and assessments (units of service) provided.

Investment income totaled \$240,379 at September 30, 2021, a decreased of \$1,414,935, or 85.5%. The decrease is due to lower interest rates during the fiscal year. Due to the COVID-19 pandemic, the Federal Reserve held the targeted federal funds rate at 0% - 0.25% during fiscal year 2021.

Expenses for general governmental purposes totaled \$126,434,170 as compared to \$126,388,577 in the previous year. Changes in levels of expenses for major functions of the Council are shown in the following table:

			<u>Percent of Total</u>	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Expenses:

Total	<u>\$126,434,170</u>	<u>\$126,388,577</u>	<u>100.00%</u>	<u>100.00%</u>

Funding for children’s programs decreased \$417,024, or 0.4% from the previous year. Administrative support and administrative and general expenses for the fiscal year 2021 totaled \$18,001,683 as compared to \$17,539,066 for 2020, resulting in a \$462,617 increase, or 2.6%.

Despite providing increases in the salary and benefits of the funded agencies, providing funding for new programs and expansions of existing programs, and an effort to utilize under-expenditures in programs such as the Great Ideas Initiative (GII) – Supports for Recovery and the GII Pipeline, children’s programs expenses still declined from the prior year primarily due to under-utilization of provider contracts related to staff vacancies due to the COVID-19 pandemic.

The combined increase in administrative support and administrative and general expenses is related to salary increases and general cost increases.

The table below presents a summary of the changes in net position for governmental activities for the years ended September 30, 2021 and 2020, as derived from the government-wide statement of activities:

Financial Analysis of the Government Funds

General Fund

As of September 30, 2021, the Council's governmental funds reported a total fund balance of \$60,280,057, which is an increase of \$11,302,207, or 23.1%, over the prior year, all of which relates to the general fund. General Fund revenues exceeded expenditures (including other financing uses) by \$11,302,207, and is primarily due to additional ad valorem tax revenues and grant income as well as under-utilization from provider contracts.

Property values increased by 5.7% over the prior year, which increased ad valorem property tax revenue by \$7,152,618, as the millage rate remained unchanged. Total operating grants and contributions increased by \$876,603, or 23.1%, compared to the prior year, primarily due to an increase in services rendered under the Network grant of \$796,965, due to an increase in care coordination and assessments (units of service) provided.

Children's programs expenditures were less than budget by \$9,902,832 as a result of reimbursement based providers having expenditures less than the contracted amounts, primarily due to staff vacancies during COVID-19.

An amount of \$4,175,989 was budgeted as a decrease in fund balance for the current year.

The total fund balance at September 30, 2021, included \$556,545 classified as non-spendable funds for prepaid items, \$4,537,830 classified as assigned from fund balance for program expenditures for the next fiscal year and \$55,185,682 classified as unassigned.

Special Revenue Fund (Prevention Partnerships for Children, Inc.)

There is no fund balance associated with the Special Revenue Fund at September 30, 2021 or 2020, since all expenditures incurred are reimbursable through transfers from the General Fund.

Capital Assets and Long-Term Liabilities

Capital assets of governmental activities at September 30, 2021, had a net book value of \$15,257,227, which represented a \$584,144 decrease, net of depreciation, from September 30, 2020. The decrease was a result of \$31,137 of purchases, net of \$615,281 of depreciation expense for 2021. Additional information on the Council's capital assets can be found in Note 7 on page 41 of this report.

As presented in Notes 8 and 9 to the Financial Statements, the Council's long-term liabilities consist of compensated absences (vacation and sick leave) and an OPEB liability. The Council is prohibited by Florida Statute from issuing any type of debt instrument, including the issuance of bonds of any nature.

General Fund Budgetary Highlights

The Council's Statement of Revenues, Expenditures and Changes in Fund Balance for the General Fund, which compares the fiscal year's actual results to budget, can be found on page 19.

During the year, general fund revenue was greater than budget by \$1,833,121 primarily due to an increase in grant income of \$1,618,955. The most significant variance relates to the Network grant, which is a pass through grant from HSC. Network grant income exceeded budget by \$1,399,891 as more care coordination and assessments services were rendered.

Total expenditures were less than budgeted appropriations by \$13,198,614 primarily related to children's programs expenditures and other general administrative expenditures. Children's programs expenditures were less than budget by \$9,902,832, due to the under-utilization of provider contracts primarily related to staff vacancies during COVID-19. Other general administrative expenses were less than budget by \$1,455,848 and are related to the costs charged by the Palm Beach County Property Appraiser and Tax Collector offices. Both offices return funds to the Council in excess of what is needed for the annual cost of each office.

Economic Factors, Next Year's Budget and Tax Rates

The Council's revenues are determined predominantly by the property values in Palm Beach County. Property values have steadily increased over the past several years and the current year saw an increase of 5.7%.

The unemployment rate has improved during the fiscal year. At September 30, 2021, Palm Beach County's unemployment rate was 4.1%, below both the State of Florida and the national averages of 4.3% and 4.6%, respectively. At September 30, 2020, Palm Beach County's unemployment rate was 7.0%, also below the State of Florida and the national averages of 7.6% and 7.7%, respectively.

For fiscal year ending September 30, 2022, the Council has approved a budget combined for both the general and special revenue funds totaling \$141,873,784 of which \$133,216,049 is supported by ad valorem taxes, with the millage reduced to the rolled-back rate of .6233. Property values were not significantly impacted due to COVID-19 for fiscal year 2021-2022. Preliminary property values increased by 5.6%, attributed largely to the increase in the residential property values. Of the total \$141,873,784 budgeted, \$131,498,029 is allocated to children's programs, of which \$120,222,710 is for contracted services and special funds and initiatives and the remaining \$11,275,319 will be used to provide training, technical support, and evaluation services to providers of children's services in Palm Beach County.

The Council is continuing its efforts to expand revenues coming into Palm Beach County by seeking reimbursement for program funding through other Federal, State and local grant funding sources.

NOTES TO BASIC FINANCIAL STATEMENTS

CHILDREN'S SERVICES COUNCIL OF PALM BEACH COUNTY

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 – ORGANIZATION

The Children's Services Council of Palm Beach County (the "Council"), is an independent special district authorized under the Laws of Florida Statutes Chapter 86-196. The Council, which was created by Palm Beach County voters in 1986, provides leadership, funding, services and research on behalf of the County's children so they grow up healthy, safe and strong. To make the biggest impact possible, the Council focuses on prenatal care and early childhood development so that more Palm Beach County children are born healthy, safe from abuse and neglect, ready to learn when they enter school, and have access to quality afterschool and summer programs. To reach these goals, the Council funds local not-for-profit organizations and other agencies, which provide evidence-based and other high-quality services to our County's children and their families.

The Council's not-for-profit "arm", Prevention Partnerships for Children, Inc. ("Prevention Partnerships"), was created in 2004 to allow certain entities to conduct business with a not-for-profit agency (such as foundations or government funders). The purposes for which Prevention Partnerships is organized are exclusively charitable, cultural, scientific and educational, within the meaning of Section 501(c)(3) of the Internal Revenue Code, principally to support system coordination in Palm Beach County by building capacity of individuals and organizations, and creating opportunities for system integration.

Prevention Partnerships is a blended component unit of the Council for accounting purposes and is included as a "special revenue fund" in the Council's annual comprehensive financial report. Council members are also members of the Board of Directors of Prevention Partnerships, for the same period of time they are Council members. The Officers for Prevention Partnerships are the same as the Council's Officers, with the addition of a Treasurer. The Officers are typically elected in February of each year at the Annual Meeting. In addition, there is a financial burden imposed on the Council to finance deficits and provide financial support to Prevention Partnerships. The financial burden is evidenced by the annual budgeted transfers - other financing sources (uses). Therefore, management has determined that the component unit, Prevention Partnerships, functions as an integral part of the Council. Separate financial statements are not issued by Prevention Partnerships.

The Council acts as the fiscal administrative and programmatic agent for the Healthy Start Coalition of Palm Beach County, Inc. ("Coalition"), a not-for-profit organization, as defined by section 501(c)(3) of the Internal Revenue Code, which was established to implement the provisions of the Healthy Start legislation in Florida. The Coalition receives grants from the U.S. Government, state and local government and all funds from the Coalition are passed through to the Council, which in turn contracts with sub-recipients to provide services. At September 30, 2021, the Council has a receivable balance from the Coalition in the amount of \$1,807,476. The Coalition is identified as a separate organization with its own governing board, with no direct financial benefit/burden relationship and therefore is not included as a part of the Council's financial reporting entity.

The significant accounting policies are summarized in the following paragraphs.

FINANCIAL REPORTING ENTITY

As required by U.S. GAAP, the accompanying financial statements present the primary government, the Council, and its blended component unit (entity for which the Council is considered financially accountable). Blended component units, while legally separate entities, are, in substance, part of the primary government’s operations.

Thus, blended component units are appropriately presented as funds of the primary government. There is one blended component unit, as described in Note 1, included in the Council’s reporting entity, and thus, it is appropriately presented as a special revenue fund of the primary government.

The “Governing Board” of the Council is composed of ten members, five of whom are designated by Florida Statute and five of whom are appointed by the Governor of Florida. The Council has complete authority to hire management and all other employees and to delegate those responsibilities. The Council is empowered by Florida Statute to levy ad valorem taxes against property owners in Palm Beach County (the “County”). The Council’s property tax levy is independent of the levies of the County. The County has no claim to Council surpluses and has no budgetary authority. Based upon application of these criteria, the Children’s Services Council of Palm Beach County has determined that the Council is a primary government and, accordingly, is not a component unit of the County.

While the Council provides funding for various agencies, each agency is financially independent of the Council. The Council has no authority to appoint or hire management of the agencies nor does it have responsibility for routine operations of the agencies. Accordingly, these various funded agencies are excluded from the reporting entity.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the primary government. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely significantly on fees and charges for support. Eliminations have been made to reduce the effect of interfund activities. The Council has no business-type activities.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenue is recognized in the period in which it becomes both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Council considers property taxes to be available if they are collected within sixty (60) days of the end of the current fiscal year. A six-month availability period is used for all other governmental fund revenues. Expenditures are generally recognized in the accounting period in which the fund liability is incurred. However, expenditures related to compensated absences and other postemployment benefits are recorded only when a payment is due.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided; and 2) operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

***MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION
(CONTINUED)***

The Council reports the following major governmental funds:

- The General Fund is the Council’s primary operating fund. It accounts for all financial resources of the Council.
- The Prevention Partnerships Special Revenue Fund presents the operations of Prevention Partnerships for Children, Inc., which is a blended component unit as discussed previously. The revenue sources are comprised of other financing sources, including transfers from the General Fund, to pay for children’s programs. The Council has designated Prevention Partnerships as a major fund.

BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted on a basis consistent with U.S. GAAP. The reported budgetary data represents the original and the final amended budgets as approved by the Governing Board. Budgets are adopted for all funds. The level of control at which expenditures may not legally exceed the budget is at the function level (i.e. children’s programs, administrative support, administrative and general, other, reserves for uncollectibles, contingency and capital outlay).

ENCUMBRANCES

Encumbrance accounting is employed as an extension of the formal budgetary process to reflect the estimated amount of future expenditures arising from the issuance of purchase orders, contracts or other forms of legal commitments existing at year-end, which will be paid in the future. Encumbrances do not constitute expenditures or liabilities since goods and services have not been received. Encumbrances lapse at year-end and there were no outstanding encumbrances at September 30, 2021.

IMPLEMENTATION OF NEW GASB STATEMENTS

During fiscal year 2021, the Council implemented GASB Statement No. 84, *Fiduciary Activities*, Statement No. 90, *Majority Equity Interests*, Statement No. 95 – *Postponement of the Effective Dates of Certain Authoritative Guidance* and GASB Statement No. 98, *The Annual Comprehensive Financial Report*.

PROPERTY TAXES

The Council is permitted by Florida Statutes to levy taxes up to 1 mill (\$1.00 per \$1,000) of assessed valuation. The rate levied for the Council for fiscal year 2021 was 0.6497 mills. Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for real and personal property located within Palm Beach County. The assessed value at January 1, 2020, upon which the fiscal year 2021 levy was based, was approximately \$210.8 billion.

A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter, until March which is without discount. Taxes become delinquent April 1 of each year. Delinquent property tax certificates are sold to the public beginning June 1, at which time a lien is attached to the property. By fiscal year end, virtually all property taxes are collected either directly or through tax certificate sales. All property taxes are collected by the Palm Beach County Tax Collector and remitted to the Council. Property tax revenues are recognized by the Council at the time monies are received from the County Tax Collector.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of petty cash, checking accounts, money market accounts and money market mutual funds.

INVESTMENTS

The Council has an investment strategy to maximize the rate of return on its available cash balances and provide for its operating cash needs. The investment strategy provides for longer term investments in U.S. Government obligations and other fixed income securities, which provide for interest at a fixed rate. Earnings from such investments are recorded as investment/interest income. All investments are stated at fair value, except for certain investments reported at amortized costs.

PREPAIDS

Payments made to vendors for services or products that will benefit future periods subsequent to September 30, 2021, are recorded as prepaid expenses/items in the government-wide and fund statements. The Council uses the consumption method to account for these costs.

CAPITAL ASSETS

Capital assets are defined by the Council as assets (tangible and intangible) with an estimated useful life in excess of one year and an initial, individual cost of more than \$5,000. Capital assets are recorded at cost or, if donated, acquisition value at the date of the donation. Expenditures that materially extend useful lives of existing assets are capitalized. Maintenance, repairs and minor renovations are expensed when incurred.

The Council records impairment losses on long-lived assets used in operations when events and circumstances indicate the assets might be impaired. No impairment losses have been recorded.

Depreciation and amortization is computed using the straight-line method over the estimated useful life of all reported capital assets except land. Estimated useful lives assigned to categories of assets are as follows:

Buildings	40 years
Improvements	7-15 years
Furniture and equipment	5-10 years
Intangible assets – software and database	7 years

COMPENSATED ABSENCES

The cost of vacation and sick leave benefits (compensated absences) is budgeted and expended in the General Fund when payments are made to employees. The Council records expenditures at employment termination in the applicable fiscal year. The estimated liability for all accrued and vested vacation and sick leave benefits is recorded in the government-wide financial statements.

POSTEMPLOYMENT BENEFITS

As required by Florida Statutes, the Council offers retired employees the option of participating in the health insurance plan provided to Council employees. Premiums for insurance coverage of retirees are paid by the retirees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets and liabilities, the government-wide statement of net position and the governmental funds balance sheet may report a separate section for deferred outflows or deferred inflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The Council reports a deferred outflow of resources on the government-wide statement of net position related to its other postemployment benefits (OPEB) obligation. The deferred outflow of resources related to OPEB results from differences between expected and actual experience. The amounts are deferred and amortized to OPEB expense in a systematic and rational manner over a period equal to the average expected remaining service lives of employees that are eligible for benefits through the OPEB plan.

The separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Council's deferred inflows reported on the government-wide statement of net position are related to its OPEB obligation. The deferred inflow of resources related to OPEB results from changes in assumptions. These amounts are deferred and amortized to OPEB expense in the same manner as deferred outflows related to OPEB.

FUND BALANCE

In the fund financial statements, governmental funds report fund equity classifications that comprise a hierarchy based primarily on the extent to which the Council is legally bound to honor the specific purposes for which amounts in the funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable - Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted - Restricted fund balance includes amounts that have been restricted to specific purposes either by (a) constraints placed on the use of the resources by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Council has no restricted fund balance at September 30, 2021.

**CHILDREN'S SERVICES COUNCIL
OF PALM BEACH COUNTY**

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND BALANCE (CONTINUED)

Committed - Committed fund balance includes amounts that can be used only for specific purposes as determined by formal action of the Governing Board itself, using its highest level of decision making authority (i.e., a Council resolution). These amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. The Council has no committed fund balance at September 30, 2021.

Assigned - Assigned fund balance includes amounts that are constrained by the Council's intent to be used for specific purposes, but are neither restricted nor committed. This intent can be expressed by the governing body, or by an official (Chief Executive Officer), or body (Finance Committee), to which the Governing Board delegated authority. The Governing Board has delegated this authority and responsibility through a fund balance policy, approved via resolution. Council management makes recommendations concerning the assignment of fund balance to the Finance Committee. In general, the Finance Committee either approves the recommendations as presented or modifies them and presents the final recommendation to the full Governing Board for their approval. The Governing Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund, as applicable. Normally, no additional action needs to be taken for the removal of an assignment. The Governing Board has assigned fund balance of \$4,537,830 at September 30, 2021, for subsequent year's expenditures.

Unassigned - Unassigned fund balance only applicable to the General Fund, includes amounts that have not been assigned to other funds and that have not been restricted, committed or assigned to specific purposes.

Fund Balance Flow Assumption

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the Council considers restricted funds to have been spent first unless there are legal documents/contracts that prohibit doing this, such as grant agreements requiring dollar for dollar spending. When expenditures are incurred for which committed, assigned or unassigned fund balance is available, the Council considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the Governing Board, or delegated official, or body has provided otherwise.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND BALANCE (CONTINUED)

Minimum Fund Balance Policy

The Council's policy is to maintain a minimum unassigned General Fund balance to meet seasonal shortfalls in cash flow and reduce susceptibility to emergency and unanticipated expenditures and/or revenue shortfalls. The Governing Board has adopted a financial standard to maintain a minimum unassigned fund balance of 27.5% of the subsequent year's total budgeted expenditures. If the unassigned fund balance falls below the minimum 27.5% of the proposed annual operating budgeted expenditures for the subsequent year, in each year of a three year period, a specific amount will be allocated in the Council's annual budget to be used to replenish the fund to the 27.5% floor. The unassigned fund balance as of September 30, 2021 was approximately \$55.2 million (40%).

NET POSITION

The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

Investment in Capital Assets - This component of net position consists of capital assets net of accumulated depreciation/amortization and if applicable, reduced by the outstanding balance of any borrowings used for the acquisition, construction or improvement of those assets.

Restricted - This component of net position consists of constraints placed on the use of net position by external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. The Council has no restricted net position at September 30, 2021.

Unrestricted - This component of net position consists of net position that does not meet the definition of Investment in Capital Assets or Restricted.

INTERFUND TRANSACTIONS

Transactions between funds during the year consisted of loans and transfers. Loans are reported as *Due from Other Funds* and *Due to Other Funds* as appropriate and are eliminated in the government-wide financial statements. Transfers are a result of transferring monies from one fund to another. Transfers are eliminated in the government-wide financial statements.

GRANTS

Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already received, might constitute a liability of the Council for the return of those funds. As of September 30, 2021, management does not believe that there are any disallowed expenditures that would require a return of grant funds.

RISK MANAGEMENT

The Council is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Council purchases commercial insurance for the risk of losses to which it is exposed. Retention of risks is limited to the excess of those risks that are insured, those risks that are uninsurable, and deductibles ranging from \$1,000 (damage) to \$1,000,000 (natural disaster) per occurrence. Policy limits and deductibles are reviewed annually by management and established at amounts to provide reasonable protection from significant financial loss. There were no significant reductions in insurance coverage for fiscal year 2021. Review of the past three years reveals settled claims have not exceeded insurance coverage. In addition, under Florida law, the Council is covered by the constitutional doctrine of Sovereign Immunity for general liability claims. Sovereign Immunity generally limits liability to \$200,000 per person/\$300,000 per incident unless a claims bill is approved by the Florida Legislature awarding damages in excess of that amount.

USE OF ESTIMATES

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows/outflows, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – DEPOSITS AND INVESTMENTS

DEPOSITS

As of September 30, 2021, the Council’s cash and cash equivalents consisted of deposits with financial institutions with a carrying value of \$27,552,692.

The deposits with financial institutions were entirely covered by a combination of federal depository insurance and a collateral pool pledged to the State Treasurer of Florida by financial institutions that comply with the requirements of Florida Statutes and have been designated as a qualified public depository by the State Treasurer. Qualified public depositories are required to pledge collateral to the State Treasurer with a fair value equal to a percentage of the average daily balance of all government deposits in excess of any federal deposit insurance. In the event of a default by a qualified public depository, all claims for government deposits would be satisfied by the State Treasurer from the proceeds of federal deposit insurance, pledged collateral of the public depository in default and, if necessary, a pro rata assessment to the other qualified public depositories in the collateral pool. Accordingly, all deposits with financial institutions are considered fully insured or collateralized.

INVESTMENTS

In accordance with Florida Statutes Section 218.415 and the Council’s investment policy, the Council is authorized to invest in U.S. Treasury and U.S. Government guaranteed securities, U.S. Government agency and instrumentality debt obligations, Supranationals, corporate and municipal debt obligations, Federal agency mortgage-backed securities, collateralized mortgage obligations and mortgage-backed securities, asset-backed securities, non-negotiable certificates of deposit, bank savings accounts, overnight bank deposit accounts, commercial paper, repurchase agreements, money market mutual funds and local government investment pools. The Council may also invest in certain other investment products if authorized by statute and approved in advance by the governing body.

INVESTMENTS (CONTINUED)

As of September 30, 2021, the Council had the following investments:

Investments	Fair Value
Money market mutual funds	\$ 1,857,594
Florida Public Assets for Liquidity Management	9,076,380
U.S. Treasury notes/bonds	7,259,631
U.S. Government agency securities	4,973,258
Federal agency mortgage-backed securities	471,626
Collateralized mortgage obligations	142,047
Collateralized mortgage-backed securities	1,879,538
Consumer asset-backed securities	2,783,984
Commercial asset-backed securities	653,897
Corporate debt obligations	5,044,351
Non-corporate debt obligations	3,104,172
Total	\$ 37,246,478

The money market mutual fund consists of an investment in an open end, institutional, money market fund complying with Securities and Exchange Commission (SEC) Rule 2a-7 and investing in liquid, high-quality debt securities issued by the U.S. government. Rule 2a-7 allows SEC registered mutual funds to use amortized cost rather than fair value to report net assets used to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, and requirements for divestiture considerations in the event of security downgrades and defaults, and required actions if the fair value of the portfolio deviates from amortized cost by a specified amount.

The Council participates in a pooled investment fund. Therefore, in accordance with GASB Statement 79, *Certain External Investment Pools and Pool Participants*, which established criteria for an external investment pool for making the selection to qualify to measure its investments at amortized cost, this pool is exempt from the GASB 72, *Fair Value Measurement and Application* hierarchy disclosures and are reported at amortized cost.

INVESTMENTS (CONTINUED)

Detailed information for this pooled investment fund is as follows:

The Florida Public Assets for Liquidity Management (FL PALM) is organized under Florida Statutes Section 163.01, the Florida Interlocal Cooperation Act, by Florida public agencies for the purpose of operating an independent investment pool for local governments in Florida and is administered by a Board of Trustees elected by the participants in the pool. The Council invests in the FL PALM Fund, a 2a-7 like pool valued at amortized cost. Audited financial statements for FL PALM may be obtained at www.fl-palm.com.

FAIR VALUE OF INVESTMENTS

The Council follows the provisions of GASB Statement No. 72, *Fair Value Measurement and Application*, which establishes a framework for measuring the fair value of investments in a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GASB Statement No. 72 are described below:

Level 1 – Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the Council has the ability to access.

Level 2 – Investments whose inputs - other than quoted prices - are observable either directly or indirectly.

Level 3 – Investments whose inputs are unobservable.

The fair value measurement of an asset within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Council’s perceived risk of that investment.

FAIR VALUE OF INVESTMENTS (CONTINUED)

Valuation Methodologies

The following valuation methods and assumptions were used by the Council in estimating the fair value of financial instruments that are measured at fair value on a recurring basis under GASB Statement No. 72.

U.S. Treasury notes/bonds, U.S. Government agency securities, mortgage and asset-backed securities, collateralized mortgage obligations, and corporate and non-corporate debt obligations: Valued at the closing price reported on the active exchange on which the individual securities are actively traded. Securities that are not actively traded are valued by the investment manager or broker using a matrix-pricing technique based on the securities’ relationship to quoted benchmark prices. These are all Level 2 investments.

The methods and assumptions described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Council believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in the methods and assumptions used for the fiscal year ended September 30, 2021.

INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the time to maturity, the greater the exposure to interest rate risk. The Council’s investment policy states that (a) investments of current operating funds shall have maturities of no longer than twelve months and (b) investments of reserves, project funds and other non-operating funds shall have a term not to exceed five and one-half years. The Council’s money market mutual fund and FL PALM have weighted

CREDIT RISK

Credit risk is the risk that a debt issuer will not fulfill its obligations. Management’s intent is to limit the Council’s investment to the highest credit quality ratings from a nationally recognized rating agency in order to control credit risk. The Council’s investment policy limits its investments to certain minimum Nationally Recognized Statistical Rating Organization (NRSRO) ratings which are generally the highest short term or the three highest long term rating categories. The NRSRO ratings for the Council’s fixed income investments at September 30, 2021 are summarized as follows.

CUSTODIAL CREDIT RISK

Custodial credit risk is defined as the risk that the Council may not recover cash and investments held by another party in the event of a financial failure. At September 30, 2021, all investment securities were held in an independent custodial safekeeping account. The money market mutual fund and FL PALM are considered unclassified pursuant to GASB Statements, because they are not evidenced by securities that exist in physical or book-entry form. Coverage for cash and securities in protected counterparty client accounts is provided from two sources. The Securities Investor Protection Corporation (“SIPC”) protects up to \$500,000, of which \$250,000 may be cash. The counterparty has obtained additional private insurance protection for the remaining balance, if any, of the cash and securities in the investment account. These coverages do not insure the quality of the investments or protect against losses from fluctuating market value.

CONCENTRATION OF CREDIT RISK

Concentration of credit risk is defined as the risk of loss attributable to the magnitude of an investment in a single issuer. The Council’s investment policy requires diversification of investments to minimize potential losses on individual securities. Investments in securities of a single issuer are generally limited to 5% to 25% (depending on the security) of the fair value of the investment portfolio, with certain Federal agency security maximums of 40% and no maximum for U.S. Treasury securities.

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)

FOREIGN CURRENCY RISK

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. There was no exposure to foreign currency risk in the Council’s investments at September 30, 2021.

RISKS AND UNCERTAINTIES

Due to the various risks associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements. The value, liquidity, and related income of certain securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, or pooled funds investing in these securities, are particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market’s perception of the issuers and changes in interest rates.

NOTE 4 – RECEIVABLES

Governmental activities and General Fund receivables consist of the following at September 30, 2021:

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables consist of the following at September 30, 2021:

	Interfund Receivables	Interfund Payables
General Fund	\$ --	\$ 319,866
Special Revenue Fund	319,866	--
Total	\$ 319,866	\$ 319,866

The general fund provides financial support by extending loans and transfers to Prevention Partnerships to meet its obligations to providers. The amount remains as a loan between the general fund and Prevention Partnerships until Prevention Partnerships remits payment to the providers, at which time, the general fund records the payment as a transfer. At September 30, 2021, the loan amount by the general fund to Prevention Partnerships was \$319,866 related to the timing of payments to providers for August and September services.

During the fiscal year ended September 30, 2021, the General Fund transferred \$2,162,306 to the Special Revenue Fund for the purpose of providing annual support to the Special Revenue Fund for quality childcare and healthy beginnings programs administered by Prevention Partnerships.

NOTE 6 – INVESTMENT IN JOINT VENTURE

The Council participates in the Services and Activity Management Information System (“SAMIS”) Collaborative which is a joint venture with eight other children’s services organizations in Florida: (1) The Children’s Services Council of Broward County, (2) The Kids Hope Alliance, (3) Children’s Services Council of Martin County, (4) The Children’s Trust (Miami-Dade County), (5) Palm Beach Community Services, (6) United Way of Broward County, (7) Broward County Children’s Services Administration, and (8) Children’s Services Council of Port Saint Lucie. SAMIS is a web based, funder information, data collection system designed and developed to measure client level services and performance measures, and to be a tool for tracking funds distributed through contracts for the purposes of determining the effectiveness of programs funded by Children’s Services Councils and related human services agencies in the State of Florida.

The Children’s Services Council of Florida, Inc. has been designated as the operating agent and is the sole owner of the SAMIS program. The joint venture is governed by a management committee consisting of one staff member from each of the eight joint venture members. Each member has one vote. The management committee approves the annual budget of the joint venture and makes all management decisions for the operation of the joint venture.

NOTE 6 – INVESTMENT IN JOINT VENTURE (CONTINUED)

Each of the joint venture members contributed an initial membership fee of \$50,000 and then pay an annual operating cost allocation determined by the “Assessment Formula” set forth in the operating agreement. The Council’s current operating cost allocation percentage (equity interest) is 11.13%. A joint venture member may terminate their agreement without cause or further liability to the other parties. Upon termination, the joint venture member has the option of either (a) obtaining a perpetual, nonexclusive license to internally use SAMIS in its existing form as of the date of termination or (b) obtaining its portion of the annual fund balance allocation based on its percentage of operating cost allocation for the year of termination.

In accordance with U.S. GAAP, the Council is required to account for this joint venture using the equity method of accounting. Accordingly, the Council recorded its initial investment at cost and records its proportionate share of the joint venture’s income or loss, as well as contributions made or distributions received. At September 30, 2021, the Council’s 11.13% equity interest in the joint venture totaled \$19,342. This investment is reported in the Statement of Net Position as Investment in Joint Venture.

The joint venture does not issue separate audited financial statements. Summarized financial information relating to the joint venture as of and for the fiscal year ended September 30, 2021, is as follows:

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS

PLAN DESCRIPTION

The Council offers a single-employer defined benefit health care plan (the “Plan”) that provides optional health care coverage (medical, prescription, vision and dental) to eligible retired employees and their dependents. Retirees have a one-time option to continue coverage upon retirement and premiums for coverage are paid 100% by the retiree. The Council has the authority to establish and amend the premiums for and the benefit provisions of the Plan. Life insurance benefits are portable and the retiree must pay premiums to the carrier directly. The Plan is financed on a “pay-as-you-go” basis and is not administered as a formal qualifying trust. The Plan does not issue a separate, publicly available, audited financial report.

FUNDING POLICY

The Council is required by Florida Statute 112.0801 to allow retirees to buy healthcare coverage at the same group insurance rates that current employees are charged resulting in an implicit healthcare benefit. The State of Florida prohibits the Plan from separately rating retirees and active employees. The Plan therefore charges both groups an equal, blended rate premium. Although both groups are charged the same blended rate premium, U.S. GAAP requires the actuarial figures to be calculated using age adjusted premiums approximating claim costs for retirees separate from active employees. The use of age adjusted premiums results in the addition of an implicit rate subsidy into the actuarial accrued liability. Plan members receiving benefits contribute 100% of the monthly premium ranging from a minimum of \$774 to a maximum of \$1,804.

The balance of \$9,153,942 in due to program service providers represents reimbursement for expenditures by funded agencies and other contracted programmatic consulting services substantially performed in August and September 2021.

NOTE 11 – COMMISSIONS OF PROPERTY APPRAISER AND TAX COLLECTOR

The budget of the Property Appraiser’s office, as approved by the Department of Revenue, is the basis upon which taxing authorities of the County (except municipalities and the district school board) are billed by the Property Appraiser for services rendered. Each taxing authority is billed an amount that bears the same proportion to the total amount of the budget as its share of ad valorem taxes bear to the total levied for the preceding year. The Council paid fees of approximately \$812,000 to the Property Appraiser for the fiscal year ended September 30, 2021, which are recorded as general and administrative expenses/expenditures.

NOTE 11 – COMMISSIONS OF PROPERTY APPRAISER AND TAX COLLECTOR (CONTINUED)

The Tax Collector's actual costs of collection must not exceed 2% of the tax revenues collected. The Council's fees and charges for the year amounted to approximately \$1,228,000 or 0.9% of tax revenues collected and are recorded as general and administrative expenses/expenditures.

NOTE 12 – RETIREMENT PLAN AND DEFERRED COMPENSATION PLAN

RETIREMENT PLAN

The Council sponsors a defined contribution retirement plan administered by an independent company. The Governing Board may amend benefits and other plan provisions. A defined contribution retirement plan provides retirement benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Under a defined contribution retirement plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account and the returns earned on investment of those contributions. Forfeitures offset the Council's contributions and are not reallocated to other participants' accounts. There were no Forfeitures used to offset Council's contributions for the fiscal year ended September 30, 2021.

Eligible employees must have completed one year of service or at least 1,000 hours, and be at least 18 years old. Any employment in the non-profit health or social services field during the three year period immediately preceding employment with the Council will count as service for purposes of active participation. The plan's vesting schedule is as follows: 25% after two years of service, 50% after three years of service, 75% after four years of service and 100% after five years of service. In addition, a plan participant who is an employee of the Council on or after the normal retirement age of 65 or who meets the early retirement age of 55 shall be 100% vested. Finally, if an employee of the Council becomes totally or permanently disabled or dies, they become fully vested.

The Council is required to contribute a percentage of the covered employee's regular salary based on the date of hire and employee elections. For employees hired prior to January 1, 2012, the Council contributes 13% of the covered employee's regular salary for employees employed less than ten years, 15% for employees employed ten to fourteen years, 17% for employees employed fifteen to nineteen years, and 19% for employees with twenty or more years of employment. For employees hired on or after January 1, 2012 the Council contributes 5% of the covered employee's regular salary and matches employee contributions 100% up to an additional 5% of their regular salary.

NOTE 12 – RETIREMENT PLAN AND DEFERRED COMPENSATION PLAN (CONTINUED)

RETIREMENT PLAN (CONTINUED)

During the year, the Council's required contributions amounted to approximately \$1,169,000 which was 13.2% of the current year's covered payroll. Contributions to the retirement plan are made monthly. For the fiscal year ended September 30, 2021, the Council's total payroll (not including accrued benefits) for all employees was approximately \$8,941,000 and the Council's contributions to the plan were based on a payroll of approximately \$8,883,000.

The plan is administered by Alerus Financial, N.A. and all assets and income of the plan are held in trust for the exclusive benefit of participants and the Council has no fiduciary responsibility for the plan. Accordingly, the assets and liabilities of the plan are not included in the Council's financial statements.

DEFERRED COMPENSATION PLAN

Employees of the Council may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments). The Governing Board may amend benefits and other plan provisions. The deferred compensation plan is available to all employees of the Council.

Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. In general, the deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

The plan provisions provide that all assets of the plan be held in trust, or under one or more appropriate annuity contracts or custodial accounts, for the exclusive benefit of plan participants and their beneficiaries. The deferred compensation plan is administered by Alerus Financial, N.A. and all assets and income of the plan are held in trust for the exclusive benefit of participants and the Council has no fiduciary responsibility for the plan. Accordingly, the assets and liabilities of the plan are not included in the Council's financial statements. Council contributions to the plan for the fiscal year ended September 30, 2021 were \$0.

NOTE 13 – RETIREMENT HEALTH SAVINGS PLAN

The Council adopted a Retirement Health Savings Plan (“RHS”) administered by ICMA Retirement Corporation effective January 1, 2006. The Governing Board may amend benefits and other plan provisions. The RHS is to be used for qualified health expenses during retirement. All assets and income of the plan are held in trust for the exclusive benefit of participants and the Council has no fiduciary responsibility for the plan. Under the terms of the plan, there will be no forfeitures.

Participation in the plan is mandatory for all full time employees and part-time employees who work an average of 21 hours per week (90 day minimum period of service and over 18 years of age). The plan is a defined contribution plan and is funded based on the amount of the employees' accrued sick leave. All contributions to the plan are on a pre-tax basis and withdrawals are tax-free if used by the participant, spouse or dependent for qualified expenses. Annual mandatory employee sick leave contributions are as follows: 0% if less than 100 hours accrued, 20% if 100-150 hours accrued, 25% if 151-200 hours accrued, 30% if 201-250 hours accrued, and 35% if 251 or more hours accrued. Council contributions to the plan for the fiscal year ended September 30, 2021 were approximately \$201,000.

REPORTING SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Finance Committee, Board Chair and Council Members
Children's Services Council of Palm Beach County

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Children's Services Council of Palm Beach County (the Council) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements, and have issued our report thereon dated March 11, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Council's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Finance Committee, Board Chair and Council Members
Children's Services Council of Palm Beach County

Report on Compliance for the Major Federal Program

We have audited the Children's Services Council of Palm Beach County's (the Council) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Council's major federal program for the fiscal year ended September 30, 2021. The Council's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the Council's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the Council's major federal program. However, our audit does not provide a legal determination of the Council's compliance.

Opinion on Major Federal Program

In our opinion, the Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of the Council is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Council's internal control over compliance with the types of requirements that could have a direct and material effect on each of the major federal programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each of the major federal programs and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Children’s Services Council of Palm Beach County (the “Council”) under programs of the federal government for the fiscal year ended September 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Council, it is not intended to and does not present the financial position, changes in net position of the Council.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – MATCHING REQUIREMENTS

Certain grants funded by the U.S. Department of Health and Human Services (“HHS”) include State matching funds and maintenance of effort funding requirements. The Medical Assistance Program (CFDA 93.778) under Contract FP076-28 and the Maternal and Child Health Services Block Grant to the States (CFDA 93.994) under Contract COSGS include State matching funding from the State of Florida Department of Health (“DOH”). The State matching amounts are considered part of the federal award and therefore are not considered State financial assistance subject to Section 215.97, Florida Statutes, the Florida Single Audit Act. The amounts designated as matching funds for federal award programs are summarized as follows:

Federal Award	CFDA Number	Amount
Medical Assistance Program	93.778	\$ 986,681
Maternal and Child Health Services Block Grant to the States	93.994	<u>843,634</u>

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE
AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Finance Committee, Board Chair and Council Members
Children’s Services Council of Palm Beach County, FL

Report on the Financial Statements

We have audited the financial statements of the Children’s Services Council of Palm Beach County (the Council), Florida, as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 11, 2022.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for Major Federal Program and Report on Internal Control over Compliance Required By Uniform Guidance; Schedule of Findings and Questioned Costs; Summary Schedule of Prior Audit Findings; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedules, which are dated March 11, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Council is a special independent taxing district authorized under the Laws of Florida Statutes Chapter 86-196. Also, as discussed in Note 1, the Council included Prevention Partnerships for Children, Inc. a not-for-profit 501(c)(3) corporation, as a blended component unit of the Council.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Council met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Council did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Council. It is management's responsibility to monitor the Council's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The assessment was done as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Council reported:

- a. The total number of employees compensated in the last pay period of the Council's fiscal year as 98.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Council's fiscal year as 37.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of

contingency as \$8,940,608.

- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$2,271,490.
- e. Each construction project with a total cost of at least \$65,000 approved by the Council that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as none.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the Council amends a final adopted budget under Section 189.016(6), Florida Statutes, as noted in the Statement of Revenues, Expenditures and Changes in Fund Balance – Budget to Actual – General Fund.

Specific Information for an Independent Special District That Imposes Ad Valorem Taxes

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Council reported:

- a. The millage rate or rates imposed by the Council as .6497.
- b. The total amount of ad valorem taxes collected by or on behalf of the Council as \$131,993,293.
- c. The total amount of outstanding bonds issued by the Council and the terms of such bonds as none.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Finance Committee, the Board Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO
SECTION 218.415 FLORIDA STATUTES**

To the Finance Committee, Board Chair and Council Members
Children's Services Council of Palm Beach County

We have examined Children's Services Council of Palm Beach County's (the Council) compliance with Section 218.415 Florida Statutes during the fiscal year ended September 30, 2021. Management of the Council is responsible for the Council's compliance with the specified requirements. Our responsibility is to express an opinion on the Council's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Council complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Council complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Council's compliance with specified requirements.

In our opinion, the Council complied, in all material respects, with Section 218.415 Florida Statutes for the year ended September 30, 2021.

This report is intended to describe our testing of compliance with Section 218.415 Florida Statutes and it is not suitable for any other purpose.
